Technical connections

Main connections for your booth must be **ordered through BERNEXPO in due time and without exception**, if required. Please note that restrictions may apply depending on the stand location, and the operating regulations must be observed.

Order deadline: 6 weeks before the event start

Orders received after the deadline may incur additional costs and cannot be guaranteed.

Electrical Connections

For the correct installation of the electrical connections, a **booth plan** showing and **labelling all connection points is required**.

Our standard connections are ALWAYS equipped with a 30mA RCD (personal protection). If you require electrical connections for special equipment or machinery that are NOT compatible with a 30mA RCD (personal protection), please contact us in advance.

Power Sockets

	Item No.	Item	Unit	CHF
	207201	Single socket T13, 230V, up to 2.3kW (RCD 30mA) incl. electricity supply <i>scale</i> CHF ----- <i>Electricity connection incl. consumption for 1 setup day & 1 event day</i> 239.80 <i>per additional event day</i> 10.90	pcs	scale
